If your "everyone's a Nazi" conspiracy extends to a mild mannered Swedish YouTuber who spends his time laughing at memes and playing video games, chances are your "everyone's a Nazi" conspiracy is hysterical bullsh*t.

A history teacher went on an unhinged rant about YouTuber PewDiePie, absurdly claiming that the Swedish entertainer is promoting "genocide," anti-Semitism and that his fans could be sued for retweeting his videos.

YouTube copyright monetization claims are out of control. There's one video where it's just me talking in front of a camera for 2 minutes and some company claimed monetization because their "music" was in the clip. There's no music in the clip at all.

# Rape culture: "A quarter of straight porn searches by women are for videos featuring violence against their own sex."

A quarter of straight porn searches by women are for videos featuring violence against their own sex. Five percent of searches by women are for content portraying nonconsensual sex. While men still search for significantly more porn than women, search rates for these more extreme types of sexual content are at least twice as common among women than men.

Those statistics make for fairly surprising reading, but are the facts Dr Seth Stephens-Davidowitz, a former Google data scientist, discovered when he was given complete access to PornHub's search and views data, for his upcoming book. "If there is a genre of porn in which violence is perpetrated against a woman, my analysis of the data shows that it almost always appeals disproportionately to women," he writes.

Corbyn calling May a "stupid woman" under his breath is NOT a scandal. This is a contrived outrage manufactured by idiots and the media.

If anything is sexist, it's the implication that a woman cannot take flak and must be protected from words.

# Were Adam and Eve Black transgender refugees?

When the world was created, darkness and light were incomprehensible concepts. The separation between elements – sky and water, soul and sinew – were not yet formed from the void.

When God finally crafted the Human on the sixth day, the assumption for most students of the Bible is that Man was created first, and from him Woman was created. This reading is widely accepted and has been taught for centuries – ignoring the other biblical version that they were created

In another case where passengers grounded a plane to stop a deportation, the migrant was involved in the gang rape of a teenage girl.

The mainstream media and neo-cons are circulating the narrative that U.S. troops are furious about leaving Syria, when in reality anecdotal evidence suggests the opposite to be true.

Turkey is gross.

Nobody ACTUALLY likes that dry ass flavorless bird right? You gotta drown that shit in gravy and mashed potatoes and cranberry sauce and whatever else white people eat on holidays just to choke it down.

Don't answer that.

We'd have to stop being friends.

The more bollards, "diversity barriers" and security we have internally, the less we have on our actual borders. The insanity of this is staggering.

By "questionable past," NBC means he ran a.....wait for it.... right wing news website. THE HORROR.

NOTHING is beneath the mainstream media.

By Ben Collins and Brandy Zadrozny

An internet fundraiser for Donald Trump's border wall took in more than $1 million from over 13,000 donors by early Thursday evening.

The Florida man behind the GoFundMe page, a triple amputee Iraq War veteran named Brian Kolfage, spent a large portion of the fundraising campaign's description touting his past including a bolded section titled "How do you know this is not a scam?"

How many people's hearts sank when they saw the Dow went up 1,000 points because they really hoped Trump had plunged us into a bear market that would cause GOP legislators to turn on him and support removal after impeachment?

At this point, it is worth remembering what triggered the exodus of migrants into Europe in the first place. A large part of the answer comes down to unlawful NATO operations on the ground of sovereign states. Since 2003, the 29-member military bloc, under the direct command of Washington, has conducted illicit military operations in various places around the globe, including in Iraq, Libya and Syria. These actions, which could be best described as globalism on steroids, have opened a Pandora's Box of global scourges, including famine, terrorism and grinding poverty. Is this what the Western states mean by 'humanitarian activism'? If the major EU countries really want to flout their humanitarian credentials, they could have started by demanding the cessation of regime-change operations throughout the Middle East and North Africa, which created such inhumane conditions for millions of innocent people

Your are part of a generation who have ruined comedy with their whiny, pedantic, virtue signalling shite.
Thankfully Generation Z loves offensive, edgy humor and your idiocy will quickly become irrelevant.

This was the guy who made the original AOC dance mash-up video.

The press took one whiny tweet from someone else who re-uploaded his vid and then made out as if the entirety of conservatives and the Republican Party were triggered by AOC dancing.

Fake media narrative.

> Hey Paul Love your work I created the original AOC dance remix video and uploaded it to YouTube on December 2nd I never created it to cause any controversy or scandal at all I just did it because I saw the search term "Alexandria Ocasio Cortez dancing" and noticed there was no video actually named that. I took the Boston College video and just used AOC's dancing parts and changed the music

The 'Conservative News' YouTube channel that originally uploaded the AOC dance mash up over a month ago said in the very description "she looks pretty good dancing."

The media then turned this into 'Republicans hate women having fun and dancing' because ONE incel tweeted it.

The only people "triggered" by the AOC dancing video were an incel on Twitter and a handful of clueless boomers.

This was a gigantic media hoax from start to finish.

Now Soubry gets a bit and the whole establishment media goes into meltdown.

Whatever you think of what happened to Soubry or Owen Jones, this is a brazen attempt to clamp down on the public confronting politicians with their grievances.

That's authoritarian and immeasurably more dangerous than some people saying mean things.

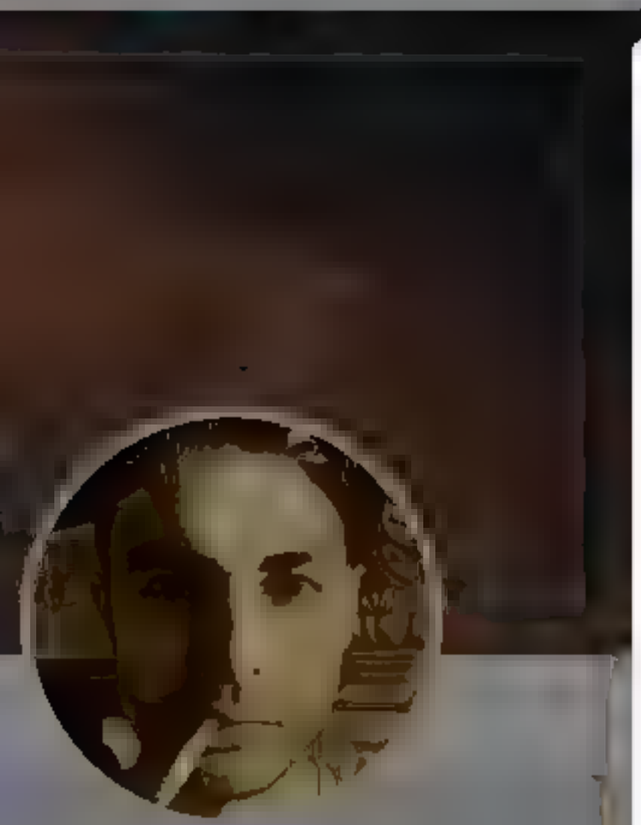
For over a year, the media has been scaremongering about Russia exploiting deepfake technology to deceive the American people.



An anti-Trump liberal in Seattle does it during a live presidential Oval Office address and none of them even report on it.

Let that sink in.

Apparently, the MSM only cares about deepfakes and "doctoring" when they're lying about it to distract from Jim Acosta's behavior.

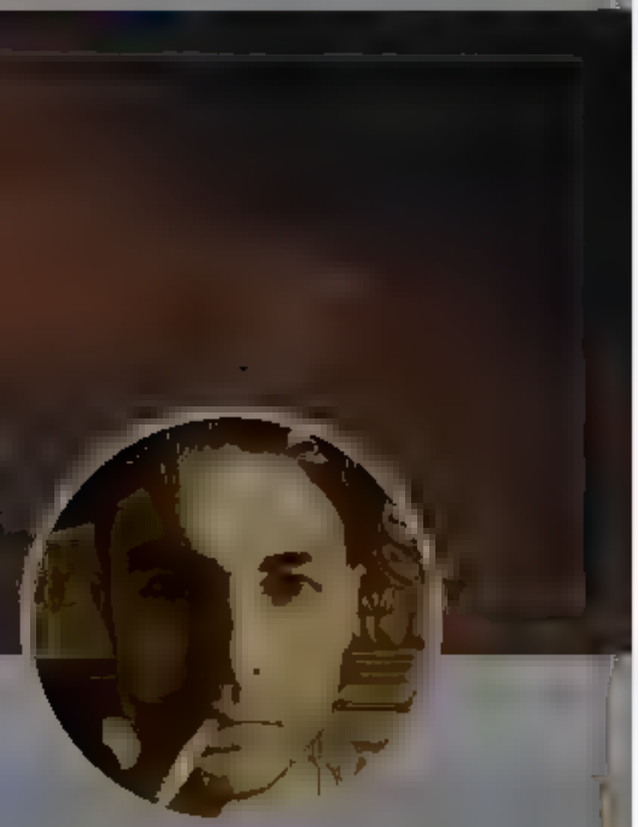
We live in a world where everyone talks about their "feelings" - constantly. It's on TV, social media & newspapers every single day, and yet suicide continues to increase.



So how can talking about your "feelings" be a solution if the more it happens, the worse the problem gets?

When Sam Fender, 22, a British singer-songwriter, released "Dead Boys" four months ago, a song about the suicide of a close male friend, he had no idea that so dour a subject would resonate so deeply.

The song, which exorcised his grief in a torrent of fidgety guitars, frantic beats and haunted vocals, has been streamed more than 3.5 million times on Spotify, and its video has about 850,000 views on YouTube. In December, he won the Critics' Choice 2019 Brit Award (Britain's equivalent to the Grammys).

While writing the song, Mr. Fender learned that 84 British men commit suicide each week; another friend killed himself after he finished recording the song. Mr. Fender blames those losses, in part, on "a world where men don't feel they can talk about their problems, no matter how bad they are," he said. "I started to question all the archaic ideas of what a bloke is supposed to be."

Germany's domestic intelligence agency will investigate the Alternative for Germany (AfD), Germany's second biggest party by some polls.
Ludicrous. Active terror plots are commonplace, violent crime is soaring and THIS is how resources are being wasted?

## Anger over 'naked men' at unisex changing rooms in Bath

14 January 2019 Somerset

A gender-neutral "changing village" facility has been introduced at Bath Sports and Leisure Centre

**Women claim they are "uncomfortable" seeing men "parading around naked" in front of them at new unisex changing rooms in a leisure centre.**

A gender-neutral changing village was created as part of a £ 0m refurbishment at Bath Sports and Leisure Centre

Leisure centre user Vicky Drew, who has a daughter 10, said: "Men should be made more aware that this is not on."

GLL, which runs the centre on behalf of the city council, said no-one had reported any inappropriate behaviour.

Mrs Drew said: "For some women this is extremely uncomfortable – it's a safety issue. Women are far more likely to be sexually assaulted in unisex facilities.

Not everybody with their toddler would like to be confronted by men with everything out.

She added that women were not "parading around naked" and that they "should not have to run the gauntlet of naked men" to reach the single-sex facilities that are accessed via the communal changing rooms.

**Representatives Nancy Pelosi**

THE WHITE HOUSE
WASHINGTON

January 17, 2019

The Honorable Nancy Pelosi
Speaker of the
House of Representatives
Washington, DC 20515

Dear Madame Speaker:

Due to the Shutdown, I am sorry to inform you that your trip to Brussels, Egypt and Afghanistan has been postponed. We will reschedule this seven-day excursion when the Shutdown is over. In light of the 800,000 great American workers not receiving pay, I am sure you would agree that postponing this public relations event is totally appropriate. I also feel that during this period, it would be better if you were in Washington negotiating with me and joining the Strong Border Security movement to end the Shutdown. Obviously, if you would like to make your journey by flying commercial, that would certainly be your prerogative.

I look forward to seeing you soon and even more forward to watching our open and dangerous Southern Border finally receive the attention, funding, and security it so desperately deserves.

The left abhors violence, bullying & harassment and constantly waxes hysterical whenever anyone on the right is perceived to engage in it.

Yet most of them just spent the last 24 hours directing violence, bullying & harassment at children because they wore MAGA hats & smiled.

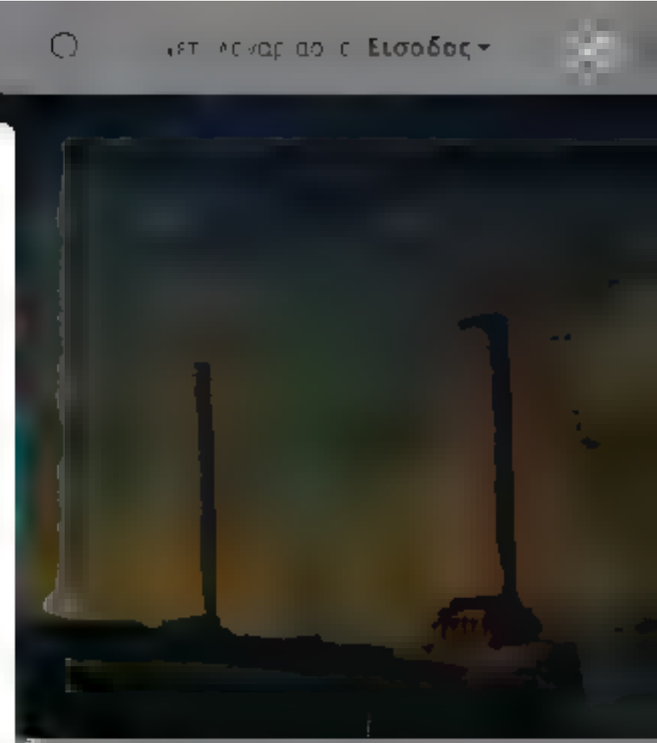
Two or more white people sat next to a black person on TV debate shows is now racist, according to the Guardian.

**Scrutinise the directing**



Camera work and studio direction are a key part of how the panellists look to viewers. There were some shots where Abbott looked as if she was surrounded by gloating white people, with Bruce and Rory Stewart on one side and Oakeshott on the other. It's not just the show's host that has to be scrupulously fair; the direction does, too.

If a populist government was gunning down protesters, there would be an international media outcry (rightly so).

Maduro's forces do it and it's barely a footnote.

The "fake news filter" is itself fake news. At least 3 major fake news scandals in 2019 already and all came from mainstream media outlets this filter has green lit.

This is just the establishment rubber stamping itself.

This isn't a credible filter, it's another establishment con to censor competing news outlets.

Although a Democrat, Tulsi Gabbard comes across as very moderate, rational and patriotic. She's also a "woman of color". Yet the left hates her and the media demonizes her at every available opportunity.

Tells you everything about how far to the fringes they've shifted.

# Sexual assaults by Uber drivers are up 50% year on year.

I feel helpless, isolated and vulnerable, and the incident has made me lonely. I now don't like being in a vehicle with a man, don't know I had to move since the cab journey because I was so worried the man knew where I lived. I am haunted by the "what if?" scenarios

**Pictured left: Samson Hailu, 32, who sexually assaulted a female customer in the back of his cab. He was jailed for eight months. Right: Jahir Hussain, who was jailed for 12 years for attacks on three separate women in London. Notice the effortless comparison of all stereotypically "clean cut, straight white men" as "the kind of evil that festers beneath a wholesome façade" in the context of a movie about serial killer Ted Bundy.

> "Efron is savagely convincing in the most psychologically-layered performance of his career," TheWrap critic Carlos Aguilar wrote of the film. "The actor's persona as an attractive, clean-cut, straight white man groomed within the Disney machinery — further cemented by turns in bro-friendly comedies — has positioned him as the perfect choice to personify the kind of evil that festers beneath a wholesome façade, neatly packaged for self-preservation."

A lot of leftist women vigorously defend (and often celebrate) abortion as a way of deflecting from having to mentally process the horror of what they've done. Fact.

The same left who have for the last 3 years+ refused point blank to debate, choosing instead to attack, smear and deplatform their adversaries, are now complaining about people on the right not debating them?

Give me a break.

**Catherine Oakeson, who advocated plus-size positivity, dies at 49**

On her popular website "Cat's House of Fun" (Catsplanation), Catherine Oakeson referred to herself as "the fat chick." It wasn't a putdown, but a statement of living loud and proud as a large woman. Her site showcased her artistic self portraits — some playful, some sensuous — and messages of body positivity.

"She was a size-acceptance pioneer," said Kim Jurmu of Crystal, a longtime friend. "She didn't let her size stop her. She just got out there and lived life and encouraged everyone to do the same."

Oakeson, who grew up in Stillwater, died last month at home in Las Vegas after a heart attack. She was 49.

An IT specialist by profession, she used her tech skills to create online resources and communities for plus-size people. She launched Fat Foo, a clothing resale and chat site on Facebook with more than 20,000 members, and Big Girls, Big Stuff, where she and others posted photos of themselves with quirky roadside attractions.

YouTube BROKE its own search engine to game the algorithm for big media corporations.

Direct word for word searches for videos that have over 6 million views produced by independent creators now return top results from CNN, ABC & CBS.

It's no longer YouTube, it's CorporateTube.

Searching for the exact title of a video on YouTube....

In one example, a video from a news station with just 750 views appears above a Mark Dice video (with the exact title searched for) with over 2 million views.

This is on page 4! YouTube is BROKEN.

No, journalists are not "heroes" and no amount of money will change that.

Firefighters are heroes, soldiers are heroes.

Most of you just write blogs based off of Twitter outrage. Others harm people's lives with smears and lies.

That's not heroic.

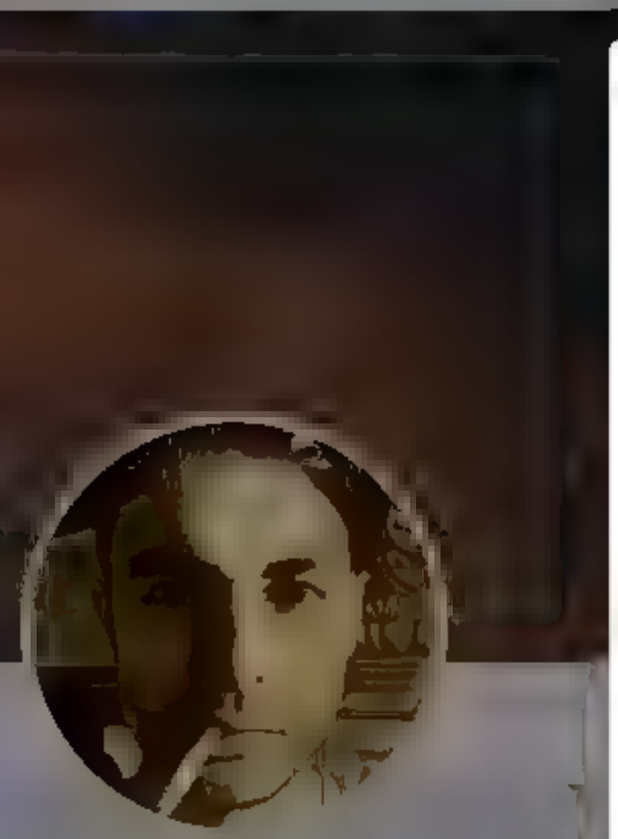
Violent crime is soaring, only 9% of criminals are caught, and yet our police are being told to investigate comments that cause offense (and that don't even meet "hate speech" standards).



The UK is clownworld.

The comedy potential in Northam absurdly admitting to moonwalking while blacked up as Michael Jackson was endless, but late night comedians ignored it. Wonder why?

Almost like they're primarily political operatives and comedians second.

Tonight was an unsettling night for our country. The president failed to offer any plan, any vision at all, for our future.

- Record low African-American & Hispanic unemployment
- Stopping sex traffickers
- The "common good"
- ICE agent who saved 300 girls from smugglers

Yet another desperate attack on Candace Owens taking her comments completely out of context. The left is terrified of Turning Point UK and claim it's in "disarray".

It hasn't even begun. Wait until next month, then you're gonna be really salty.

# Racist Hillary tape 100 times worse than Trump's?

# Normally when it looks too good to be true, it isn't true.

>>9754853#

All 33k deleted Emails are going to be released by November 7th probably at 4 PM EST. These emails are going to be the absolute cutting of the Democratic Party. We are supposedly told by them "they cannot have him to replace Hillary

As we are not Russian [illegible] we at 4Chan are already aware inside of that Wikileaks is totally going to start a war with Russia to cover up the crimes that are in the emails we are talking satanism and Hillary being selected for treason and ending up with the same [illegible] as Bush by [illegible]

That gives us a high value action that I [illegible] know Hillary is not going to be President. Hillary knows once the emails get released she is done and that is why she is forcing Russia and Trump to start a war to hide their crimes or at least draw attention away from their crimes

Anonymous ID [illegible] No.9757651 >>9759683

>>9754853#
>>9754870
The emails coming through the next two weeks and there are 5 videos being released one that documents Hillary slandering and being racist against a Female African American the amount of hatred seen on her face for their community will be worse than GG TrumpTapes

Also there is documents and videos coming this week that will destitute any faith left in the Democratic Party specifically with HRC's campaign We have them committing felonies on camera the kind that make the Clinton fraud that we have released look like a bunch talking ticket crimes and threats control the Media and Election officials

The information will be released we rely on everyone to help spread the truth

Anonymous ID [illegible] 10/12/16(Wed)09:42 No.9759477 [illegible]

>>9759783

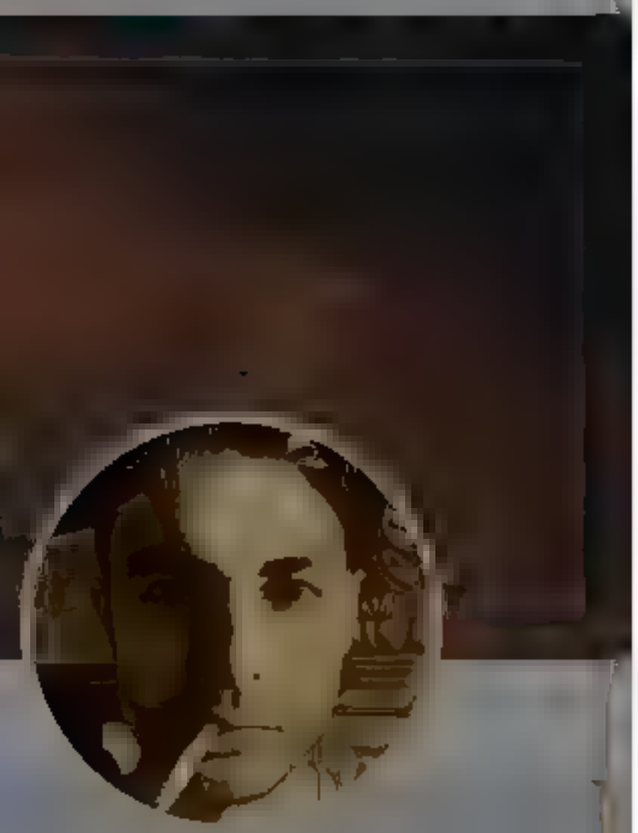
We have already delivered roughly 10k of the podesta emails this is 20% of the content we will be releasing and we are saving the best for last

Wait a week and then look at the polls you guys are basing your arrogance upon we also have information on 6 polls that are posted from right before the debate today have been sampled to show favorable for HRC and create a false drop for Donald

This election is closer than any of you know and Donald is actually leading in the only unbiased poll with the largest sample group

It's painfully obvious that Clintons campaign is hurting the only negative arguments and narratives they consistently push are the TrumpTapes which he was prepared for and immediately appeared to hurt him but actually has helped him since it opened up his ability to use actual tapes of crimes

They also are clinging to the taxes which is 100% legal and Donald will release them soon and HRC can no longer attack him on that when he does she is supposedly holding them off to show that his last 5+ years will make all of HRC's bashing look horrible so are they show him saving much more than she does



HRC is attempting to pay force a woman to lie that Trump sexually assaulted her

HRC is trying to Blackmail a member of the Apprentice staff for a Tape that does not exist but she played right into our hands and we have video and audio of members of her campaign staff threatening trying to Bribe the staff Member into a tape exists we literally played her

"Citizen" trying to "smooth things out" was simply obstructing justice and allowed the criminal to get away while driving recklessly. Should be arrested for aiding and abetting a fugitive

Why would a magazine profile of a 17-year-old white teen be problematic for anyone unless they're racist?

Leftists on Twitter were outraged after Esquire magazine published a profile piece on the life of an American teenager.

The reason for their fury? The teen is male and white.

There is no such thing as "racially charged."

This attack was not "possibly" homophobic. It was a racist and homophobic attack.

If you don't like what is happening to our country, then work to change it. It is no one's job to water down or sugar-coat the rise of hate crimes.

# Daily Beast woke hot take: Smollett allegedly faking the hate crime to frame Trump supporters is Trump supporters' fault.

> Since those reports there have been those rushing to protect both Smollett and the communities that rallied around him. It's a reminder that so many are looking for any reason to unleash their contempt and rage against the efforts to empower victims, there has been gleeful schadenfreude coming from those who never want to take hate crimes seriously in the first place—especially when the victims are black and/or LGBTQ.

He felt forced too stage it because of Drumpf!

When you're forced to admit it was a hate hoax but still blame Drumpf for it

[redacted]

However you look at it, even if he wasn't attacked by Trump supporters, it's because of Trump that he felt forced to stage this attack on himself because Trump targets blacks and Mexicans so he has been victimized legitimately.

Now do some proper journalism instead of whining about a balloon.

According to Facebook, a written warning had been sent to Mr Robinson last month about a number of posts on his page that had violated its community standards, including:

- a post calling Muslims "filthy scum bags"
- a post urging people to terrorise and behead those who follow the Koran
- a post urging people to "make war" on Muslims
- multiple videos depicting individuals being bullied

# Facebook had to settle out of court over "deboosting" conservative content because of political bias. Now it's still happening and people just roll their eyes.

> According to the insider the documents revealed a routine suppression of the distribu ion of conservative Facebook pages The technical action she repeatedly saw and for which Project Veritas was provided documentation, was labeled *ActionDeboostLiveDistribution*. Said the insider I would see [this term] appear on several different conservative pages I first noticed it with an account that I can t remem er b t I remember once I started looking at t I also saw it on M ke Cernovich s page, saw it on Steven Crowder s page, as well as the Daily Caller s page
>
> Conservative commentator Steven Crowder s page had been suppressed before in April 2016. and Crowder told Project Veritas they settled a dispute related to the issue with Facebook out of court

Project Veritas reached out to Steven Crowder s attorney, Bill Richmond. who stated

> Louder With Crowder is investigating the allegations of concealed stream throttling by Facebook The accusations are deeply troubling given the previously settled dispute with Facebook uncovered by Gizmodo.com which found the show was targeted by Facebook workers with secret audience restrictions on political grounds alongside other prominent conservative voices.

Tommy Robinson being banned by Facebook and Instagram was timed deliberately so he couldn't defend himself against the BBC hit piece about to come out.

This is how they operate.

But conservatives keep preaching "muh free market" until we are silenced into oblivion.

"The vacuity of modern life in the West, its lack of transcendence, lived as it is increasingly without religious or political belief, without a worthwhile creative culture, often without deep personal attachments, and without even a struggle for survival."

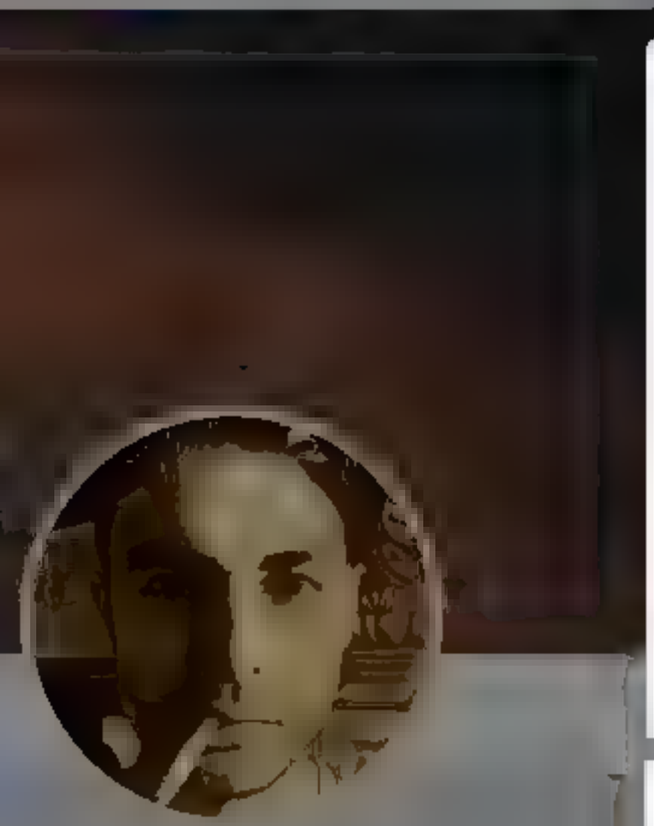
**Western incompetence in the art of living**

Dalrymple writes

> Not reading many contemporary French novels I am not entitled to say that Michel Houellebecq is the most interesting French novelist writing today but he is certainly very brilliant in a somewhat limited way His beam is narrow but very penetrating like a laser

Houellebecq's theme says Dalrymple is

> an important indeed a vital one the vacuity of modern life in the West its lack of transcendence lived as it is increasingly without religious or political belief without a worthwhile creative culture often without deep personal attachments and without even a struggle for survival Into what Salman Rushdie (a much lesser writer) called a God shaped hole has rushed the search for sensual pleasure which however no more than distracts



Something more is needed but

> Western man—at least Western man at a certain level of education intelligence and material ease—has not found it Houellebecq's underlying nihilism implies that it's not there to be found

The result of this lack of transcendent purpose is

> self destruction not merely on a personal but on a population scale Technical sophistication has been accompanied by massive incompetence in the art of living Houellebecq is the prophet the chronicler of this

Trump could break up Twitter's monopoly in a heartbeat.

Just send one message a day on a competing network not controlled by Silicon Valley, like Parler.

This would force all the media, all the haters and all Trump's base to sign up.

No executive order required. This is EASY.

The UK is now ruled by a dictatorship of MPs deliberately refusing to enact the will of the people. The Queen must use her power to overrule them and save democracy. Activate the Queen.

How is Beto going to win when he's going to be forced to spend half of his time excusing himself for being a white male denying the presidency to a woman/minority?

All of this can only benefit Trump.

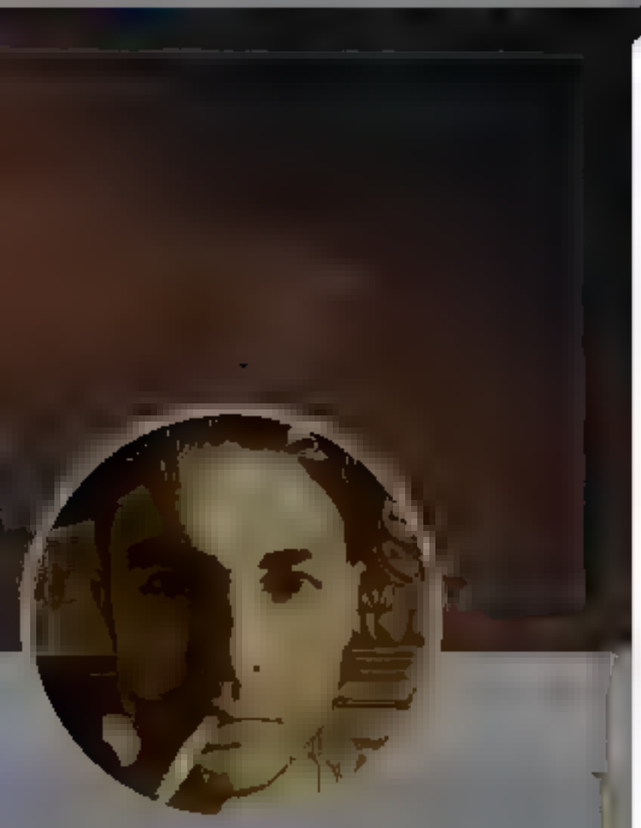
Horrific attack and a shame New Zealand doesn't have the death penalty.

But if you're blaming PewDiePie you're;

A) Doing precisely what the terrorist wanted.



B) Exploiting the tragedy for your own selfish narrative.

Stop.

The terrorist's mention of Candace Owens clearly appears to be some kind of sick joke meant to demonise her (absurdly accuses her of being too extreme for him), so the media furthering the narrative that she "inspired" him is particularly dishonest.

Discussing intolerant aspects of Islam or engaging in legitimate debate about mass migration doesn't make anyone complicit in mass shootings.

Just as all Muslims are not to blame for Islamic terror attacks.

The fact I have to point this out every time is fucking depressing.

While violent crime soars, our police are being dispatched to kidnap Christian street preachers because they criticised Islam.

Being a street preacher can be a thankless business. Since moving to Britain from Nigeria nine years ago, 64-year-old Oluwole Ilesanmi has toured the country reading aloud from the Bible, spending hours outside train stations, urging people to see the light. Sometimes he makes a convert, most of the time his preaching falls on deaf ears. Last month, it resulted in him being arrested.

Saturday 23 February began like a typical day for Ilesanmi. He went to Southgate tube station in north London and preached for a few hours. His spiel included a disobliging reference to Islam, which seemed to rile a passer by. To Ilesanmi's surprise he was then accosted by the man. A woman who [illegible]ned the incident says she feared Ilesanmi [illegible]about to be attacked. 'The man had his [illegible]ead to the preacher's forehead. He [illegible]d like he was about to knock him out.' [illegible]seemed that Ilesanmi was the victim. [illegible]he was accused of Islamophobia, and [illegible]n the police arrived. # Prayer leader at the Al Noor mosque calls for new restrictions on "media agencies" who criticize Islam/Muslims.

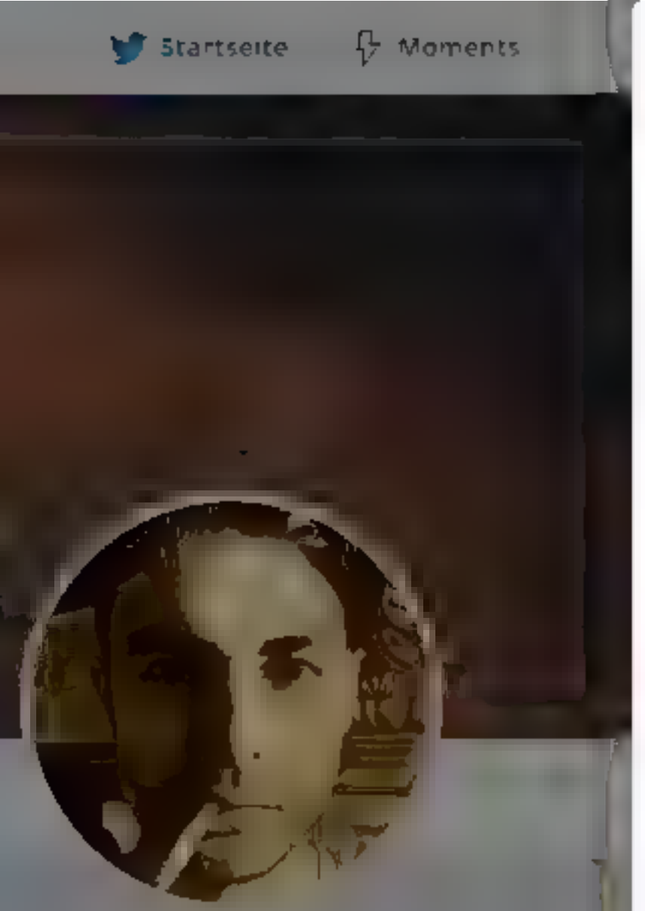
Imam Gamal Fouda, prayer leader at the Al Noor mosque who was present during last week's attack, told mourners in Christchurch he "saw hatred and rage in the eyes of the terrorist"

"Today, from the same place I look out and I see the love of and compassion in the eyes of thousands of fellow New Zealanders and human beings from across the globe," Fouda said

"We have shown that New Zealand is unbreakable, and the world can see in us an example of love and unity. We are broken-hearted, but we are not broken."



Fouda called on Friday for New Zealand and governments "around the world" to "bring an end" to hate speech saying the attack on Friday was the result of "anti-Islamic and anti-Muslim rhetoric by some political leaders, some media agencies, and others"

No more indictments from Mueller investigation. "Russian collusion" hoax was a conspiracy, as we all said at every turn.

How can the media possibly recover from this further blow to their credibility?

The entirety of the mainstream media, for the past 2 years, pushed a dangerous 'fake news' story about non-existent Trump-Russia "collusion" now proven to be a hoax.

When will social media companies act on misinformation that harms democracy?

It's a constant source of fascination to me why upper middle class white people who scream the loudest about racism always choose to send their kids to segregated, nearly entirely white schools.
Strange that, isn't it?

Yet when they left the White House they still moved to the whitest neighborhood in Washington. Fewer than 4 percent of their neighbors are black, in a town that was known for generations as Chocolate City.

Mayor Bill de Blasio of New York is a tireless advocate for diversity, but not in his own neighborhood. Although he lives in Brooklyn, where one in three residents is African American, his own zip code is one of the whitest in New York. It's less than 5 percent black.

Massachusetts senator Elizabeth Warren, meanwhile, doesn't really live on an Indian reservation. She lives in Cambridge, Massachusetts, home of Harvard, as well as an enormous

Mueller finds Russians aided Trump but the campaign didn't conspire. Knowing this, Trump could have denounced Russia all along and backed the investigation. Instead he publicly asked for Russian help, falsely denied receiving any, and said Republican investigators were Democrats.

CNN, MSNBC, the NY Times, the Wash Post, & every late night comedian, peddled the biggest, most harmful conspiracy theory of the last two years and spread fake news which harmed American democracy.

I now await YouTube, Twitter & Facebook to de-rank these outlets in response.
